Nonmetallic Hardness Rating:

50.0 durometer

Overall Length:

0.202 inches

Flange Diameter:

0.380 inches

Body Diameter:

0.250 inches

Body Length:

0.170 inches

Center Hole Diameter:

0.195 inches

Flange Height:

0.032 inches

Design Type:

Single centrally located hole

Special Features:

Resilient member material: noeprene, mil-std-417, sc510, shore 50

Style Designator:

Round flanged

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535j0
