Inside Diameter:

Between 1.812 inches and 1.813 inches

Outside Diameter:

Between 2.129 inches and 2.130 inches

Overall Thickness:

Between 0.134 inches and 0.135 inches

Surface Finish:

63.0 microinches

Material:

Copper alloy 510

Material Specification:

Qq-b-750, comp a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
