Inside Diameter:

Between 0.376 inches and 0.378 inches

Overall Length:

Between 0.687 inches and 0.693 inches

Large End Outside Diameter:

Between 0.473 inches and 0.474 inches

Tapered Portion Length:

0.250 inches

Taper Included Angle:

15 degrees

Material:

Steel

Material Specification:

Bw-300-m 06853 mfr ref single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Bw-101b-p, 06853 mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535g0
