Inside Diameter:

1.215 inches

Outside Diameter:

Between 1.365 inches and 1.370 inches

Overall Thickness:

Between 0.046 inches and 0.050 inches

Surface Finish:

125.0 microinches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/4, t3 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
