Inside Diameter:

Between 2.306 inches and 2.311 inches

Outside Diameter:

Between 2.797 inches and 2.802 inches

Overall Thickness:

Between 0.057 inches and 0.067 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
