Inside Diameter:

Between 2.005 inches and 2.010 inches

Outside Diameter:

2.250 inches

Overall Thickness:

Between 0.150 inches and 0.160 inches

Surface Finish:

90.0 microinches

Material:

Steel comp 4130

Material Specification:

Mil-t-6736, type 1, ht-125 military specification single material response

Surface Treatment:

Oxide

Fsc Application Data:

1. Main gear box, helicopter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-t-6736 spec.
