Inside Diameter:

Between 1.314 inches and 1.319 inches

Outside Diameter:

1.625 inches

Overall Thickness:

Between 0.180 inches and 0.190 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t6 federal specification single material response

Fsc Application Data:

1. Cyclic pitch control installation, nose section, helicopter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
