Hole Diameter:

Between 0.131 inches and 0.141 inches

Overall Length:

Between 0.450 inches and 0.470 inches

Overall Width:

0.480 inches

Center To Center Distance Between Bolt Holes Along Length:

0.210 inches

Bolt Hole Quantity:

2

Construction:

One-piece

Hardness Rating:

Between 30.0 rockwell c and 38.0 rockwell c

Material:

Steel comp 410

Material Specification:

Ams 5504 assn standard single material response

Surface Treatment:

Passivate

Style Designator:

Non-circular w/square corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
