Hole Diameter:

0.250 inches

Overall Length:

1.820 inches

Overall Width:

1.390 inches

Outside Corner Radius:

0.310 inches

Bolt Hole Quantity:

4

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8b, h39 federal specification single material response

Fsc Application Data:

Canopy assembly forward aircraft

Departure From Cited Document:

Holes to be drilled upon installation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
