Inside Diameter:

Between 0.575 inches and 0.580 inches

Outside Diameter:

Between 0.670 inches and 0.680 inches

Overall Thickness:

0.010 inches

Surface Finish:

60.0 microinches left side

Material:

Steel comp 302

Material Specification:

Ams 5516 assn standard single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
