Inside Diameter:

Between 1.625 inches and 1.628 inches

Outside Diameter:

1.660 inches

Overall Thickness:

Between 0.233 inches and 0.237 inches

Surface Finish:

63.0 microinches

Material:

Aluminum alloy 6061

Material Specification:

Ww-t-700/6, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
