Inside Diameter:

Between 0.473 inches and 0.477 inches

Outside Diameter:

Between 0.620 inches and 0.630 inches

Overall Thickness:

Between 0.039 inches and 0.041 inches

Surface Finish:

125.0 microinches

Material:

Steel comp 4340

Material Specification:

Ams 6415 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
