Hole Diameter:

0.560 inches

Overall Length:

7.900 inches

Overall Width:

4.700 inches

Bolt Hole Quantity:

8

Construction:

One-piece

Special Features:

Three holes located both sides and 0.750 in. From centerline measured 0.625, 4.625 and 6.625 in. From square end, one hole located both sides and 0.937 in. From centerline measured 2.625 in. From square end, plate tapered at 4.200 in. Lg point from 4.700 to 3.430 in. W, tapered end corners rounded 1.130 in. Radius

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
