Inside Diameter:

Between 0.376 inches and 0.386 inches

Outside Diameter:

Between 0.490 inches and 0.510 inches

Overall Thickness:

Between 0.058 inches and 0.068 inches

Surface Finish:

125.0 microinches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/11, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
