Inside Diameter:

Between 1.771 inches and 1.791 inches

Outside Diameter:

Between 2.302 inches and 2.322 inches

Overall Thickness:

Between 0.027 inches and 0.037 inches

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-225/8, h34 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
