Overall Length:

7.120 inches

Overall Width:

3.240 inches

Lamination Quantity:

21

Lamination Thickness:

0.003 inches

Construction:

Laminated

Material:

Aluminum alloy

Style Designator:

Rectangular

Supplementary Features:

Fwill have four 0.500 in.Bolt holes in a step configuration along the abhp dimension also above this step a portion of stock 2.020 by 2.500 has beenremoved creating a shape not identified in the fiig

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
