Aperture Diameter:

Between 0.218 inches and 0.229 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t3 federal specification single material response

Surface Treatment:

Chromate or anodize

Surface Treatment Specification:

Mil-c-5541 military specification 1st treatment response or mil-a-8625, type 1 military specification 2nd treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-c-5541 spec.
