Overall Length:

1.150 inches

Overall Width:

0.770 inches

Construction:

One-piece

Special Features:

Has slit in center 0.656 in. Lg and 0.125 in. Wide. Corners are beveled 0.060 in. X 45 deg, 6 places

Material:

Copper and zinc

Material Specification:

Qq-b-613, alloy 260, t h federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
