**Overall Length:**

1.150 inches

**Overall Width:**

0.770 inches

**Construction:**

One-piece

**Special Features:**

Has slit in center 0.656 in. Lg and 0.125 in. Wide. Corners are beveled 0.060 in. X 45 deg, 6 places

**Material:**

Copper and zinc

**Material Specification:**

Qq-b-613, alloy 260, t h federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
