Hole Diameter:

Between 0.164 inches and 0.169 inches

Bolt Circle Diameter:

Between 1.432 inches and 1.442 inches

Outside Diameter:

1.812 inches

Aperture Diameter:

0.938 inches

Bolt Hole Quantity:

3

Special Features:

Made to style 10 but finished item is crescent shaped

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t4 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-a-8625 spec.
