Overall Length:

1.970 inches

Overall Width:

1.750 inches

Lamination Quantity:

20

Lamination Thickness:

0.003 inches

Features Provided:

Separable

Construction:

Laminated

Special Features:

Has 3 holes 0.250 in. Dia, 2 square corners, 2 round corners

Material:

Aluminum alloy

Material Specification:

Qq-a-250/1 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
