End Application:

2350-01-087-1095

Features Provided:

Casehardened

Hardness Rating:

Between 55.0 brinell and 75.0 brinell

Material:

Aluminum alloy 208.0 or aluminum alloy 242.0 or aluminum alloy 295.0 or aluminum alloy 328.0 or aluminum alloy 707.0 or aluminum alloy a712.0

Material Specification:

Qq-a-601, t6 federal specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
