Hole Diameter:

Between 0.165 inches and 0.171 inches

Bolt Circle Diameter:

Between 9.865 inches and 9.885 inches

Outside Diameter:

Between 10.227 inches and 10.247 inches

Aperture Diameter:

9.113 inches

Bolt Hole Quantity:

9

Construction:

Laminated

Material:

Plastic

Material Specification:

Mil-p-18177, type gee military specification single material response

Fsc Application Data:

Antenna, p/n 131000

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-p-18177 spec.
