Inside Diameter:

Between 2.692 inches and 2.695 inches

Outside Diameter:

Between 2.772 inches and 2.775 inches

Overall Thickness:

Between 0.100 inches and 0.105 inches

Material:

Aluminum alloy 5083

Material Specification:

Qq-s-200/3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
