Inside Diameter:

Between 1.848 inches and 1.850 inches

Outside Diameter:

Between 1.868 inches and 1.870 inches

Overall Thickness:

Between 0.245 inches and 0.251 inches

Special Features:

Flared at one end

Material:

Copper

Material Specification:

Qq-b-613, comp 11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
