Hole Diameter:

0.250 inches

Overall Length:

2.400 inches

Overall Width:

1.800 inches

Bolt Hole Quantity:

2

Lamination Quantity:

10

Lamination Thickness:

0.003 inches

Features Provided:

Separable

Construction:

Laminated

Special Features:

Rectangular slot with curved corners

Material:

Steel

Material Specification:

Qq-a-250/8, alloy 5052, h39 federal specification single material response

Fsc Application Data:

Skin assembly, forward missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
