Inside Diameter:
Between 3.215 inches and 3.225 inches
Outside Diameter:
Between 3.338 inches and 3.348 inches
Overall Thickness:
Between 0.019 inches and 0.021 inches
Material:
Aluminum alloy 6061
Material Specification:
Qq-a-225/11, t6 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625, type 2, class 2 military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
Mil-std (military Standard):
Mil-a-8625 spec.
