Overall Length:

0.812 inches

Overall Width:

1.438 inches

Features Provided:

Casehardened

Special Features:

Slot on length side 0.156 inch wide, chamfer 0.031 inches by 5 degrees, 3 holes 0.138 in. Dia. To 0.146 in. Dia, one holes in center of plate 0.634 in. Diameter by 0.637 in dia

Material:

Steel comp 301

Material Specification:

Qq-s-766 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
