Inside Diameter:

Between 0.625 inches and 0.627 inches

Outside Diameter:

0.800 inches

Overall Thickness:

Between 0.051 inches and 0.053 inches

Material:

Steel comp xm-12

Material Specification:

Ams 5659 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
