Hole Diameter:

Between 0.270 inches and 0.280 inches

Overall Width:

2.622 inches

Aperture Diameter:

1.825 inches

Outside Corner Radius:

0.250 inches

Outside Corner Inverted Radius:

0.250 inches

Side Radius From Gasket Center:

1.060 inches

Bolt Hole Quantity:

4

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6 federal specification single material response or qq-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
