## NSN 5365-01-105-9624

Ring Spacer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5365-01-105-9624

Inside Diameter:
Between 1.002 inches and 1.007 inches
Outside Diameter:
Between 1.095 inches and 1.105 inches
Overall Thickness:
0.062 inches
Criticality Code Justification:
Feat
Special Features:
Cross sectional side tapered to an angle of 0 degrees 45 minutes also outside edge has a medium straight knurl
Material:
Steel
Material Specification:
Astm a582, cond a assn standard single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
