Inside Diameter:

Between 1.245 inches and 1.247 inches

Outside Diameter:

Between 1.362 inches and 1.364 inches

Overall Thickness:

Between 0.307 inches and 0.311 inches

Special Features:

Ring split, must be kept in matched sets

Material:

Copper alloy 510

Material Specification:

Qq-b-750, comp a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
