Slot Width:

0.562 inches

Overall Length:

4.750 inches

Overall Width:

2.750 inches

Slot Quantity:

2

Special Features:

Slots along lg on one side; center to center distance between slots 3.500 in.; outside edge to slot center distance along we 0.625 in.; outside edge to slot center distance along lg 1.375 in.

Material:

Aluminum alloy 5083 or aluminum alloy 5086

Material Specification:

Qq-a-250/6 federal specification single material response or qq-a-250/7 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
