Inside Diameter:

Between 1.238 inches and 1.248 inches

Outside Diameter:

Between 1.629 inches and 1.639 inches

Overall Thickness:

Between 0.127 inches and 0.129 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, t651 federal specification single material response or qq-a-200/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
