Overall Length:

1.300 inches

Construction:

One-piece

Special Features:

0.311 by 0.450 in. Porm aperture centrally located, 0.150 in. By 45 degrees cham. On the 4 corners, 4 0.144 in. Diameter holes spaced 0.956 in. C to c along tdim and spaced 0.994 in. C to c along r dim, 4 ea 0.082 in. Diameter holes spaced 0.740 in. C to c along t and r dim

Material Specification:

Aisi assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
