nside Diameter:
Between 1.875 inches and 1.877 inches
Outside Diameter:
2.386 inches
Overall Thickness:
Between 0.186 inches and 0.190 inches
Material:
Aluminum alloy 7075
Material Specification:
Qq-a-225/9, t73 federal specification single material response or qq-a-200/11, t73510 or t73511 federal specification single material
response
Surface Treatment:
Anodize
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Filg:
407000
