**Inside Diameter:**

Between 1.875 inches and 1.877 inches

**Outside Diameter:**

2.386 inches

**Overall Thickness:**

Between 0.186 inches and 0.190 inches

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-225/9, t73 federal specification single material response or qq-a-200/11, t73510 or t73511 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07000
