**Aperture Diameter:**

2.688 inches

**Construction:**

One-piece

**Special Features:**

2 holes 0.656 in. Diameter 1 hole 0.560 in. Dia

**Material:**

Steel comp 1009

**Material Specification:**

Astm a366 assn standard 1st material response or astm a569 assn standard 2nd material response

**Surface Treatment:**

Cadmium and chromate

**Surface Treatment Specification:**

Qq-p-416, type 2, class 2 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
