Aperture Diameter:

2.688 inches

Construction:

One-piece

Special Features:

2 holes 0.656 in. Diameter 1 hole 0.560 in. Dia

Material:

Steel comp 1009

Material Specification:

Astm a366 assn standard 1st material response or astm a569 assn standard 2nd material response

Surface Treatment:

Cadmium and chromate

Surface Treatment Specification:

Qq-p-416, type 2, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
