**Overall Length:**

9.060 inches

**Overall Width:**

3.000 inches

**Special Features:**

Chamfered one edge 0.120 in. Depth x 45.0 deg; 6 holes 0.171 in. Diameter unequally spaced around periphery; 7 holes 0.312 in. Dia, 0.940 in. From chamfered edge, unequally spaced center to center

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250/8, h32 federal specification single material response

**Surface Treatment:**

Chromate

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
