Inside Diameter:

5.875 inches

Outside Diameter:

Between 5.980 inches and 5.990 inches

Overall Thickness:

0.312 inches

Surface Finish:

125.0 microinches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t357 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
