Inside Diameter:

Between 1.320 inches and 1.330 inches

Outside Diameter:

Between 1.677 inches and 1.687 inches

Overall Thickness:

Between 0.232 inches and 0.242 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
