Inside Diameter:

Between 1.510 inches and 1.520 inches

Outside Diameter:

Between 1.850 inches and 1.890 inches

Overall Thickness:

0.063 inches

Surface Finish:

250.0 microinches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/11, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
