Overall Length:

3.220 inches

Overall Width:

3.160 inches

Construction:

One-piece

Special Features:

Six holes 0.216 in. Min 0.236 in. Max, two holes 0.180 in. Min 0.190 in. Maximum included in shim

Material:

Steel comp 302

Material Specification:

Aisi assn standard single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
