**Countersink Angle In Deg:**

45.0

**Wrenching Facility Shape:**

Slotted

**Countersink Depth:**

0.031 inches

**Countersink Location:**

Wrenching end and threaded end

**Hole Inside Diameter:**

Between 1.250 inches and 1.252 inches

**Features Provided:**

Countersunk

**Material:**

Copper alloy 903

**Material Specification:**

Qq-c-390, alloy 903 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A540s0
