Inside Diameter:

Between 4.636 inches and 4.646 inches

Outside Diameter:

Between 6.292 inches and 6.296 inches

Overall Thickness:

0.250 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, t6 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
