Inside Diameter:

1.380 inches

Overall Thickness:

0.063 inches

Special Features:

Has a bolt hole 0.204-0.214 in. Diameter cks 100 degrees by 0.305 in. Dia; 0.297 in. Radius on each side of bolt hole; 1.680 in. From center of aperature to center of bolt hole

Material:

Steel comp 632

Material Specification:

Ams 5520 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
