Inside Diameter:

Between 0.510 inches and 0.520 inches

Outside Diameter:

0.688 inches

Overall Thickness:

Between 0.136 inches and 0.146 inches

Special Features:

Color lusterless black acrylic, fed stud 595, no. 37038

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t4 federal specification single material response

Specification Data:

37695-511254 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
