Inside Diameter:

2.250 inches

Outside Diameter:

Between 2.667 inches and 2.677 inches

Overall Thickness:

0.234 inches

Hardness Rating:

Between 32.0 rockwell c and 38.0 rockwell c

Material:

Steel comp 4130

Material Specification:

Ams 6370 assn standard single material response

Surface Treatment:

Cadmium and chromate

Surface Treatment Specification:

Qq-p-416, type 2, class 1 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
