Inside Diameter:
2.250 inches
Outside Diameter:
Between 2.667 inches and 2.677 inches
Overall Thickness:
0.234 inches
Hardness Rating:
Between 32.0 rockwell c and 38.0 rockwell c
Material:
Steel comp 4130
Material Specification:
Ams 6370 assn standard single material response
Surface Treatment:
Cadmium and chromate
Surface Treatment Specification:
Qq-p-416, type 2, class 1 federal specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
